P. L. Young, Hamilton's manager, and Alfred J. Moisant, manager for his brother, John B., are expected in Richmond during the next few days to complete final and minor arrangements for the meet. Mr. Anderson said last night that there would be ten machines here, and that his plan was to have all above the grandstand at once. After the arrival of Young and Alfred Moisant the question of a fight to Petersburg will be discussed. The hangars will be opened to the public so that the various types of machines may be inspected.

GOT HEAVY FINE

Negro Given Three Years for Throwing Rock at Car.

Elliah Blackwell, colored, was tried in the Chesterfield County Court yesterday on a charge of being disorderly on a Petersburg interurban car and throwing rocks at the car, and was convicted and sentenced to three years in the penitentiary. The jury took into account not only the mere act of throwing a rock at a street car, but the fact that every passenger was thereby endangered, and brought in a verdict accordingly.

Two other negroes—John McMullen and Robert Bassett—were found guilty in the preliminary hearing, and were fined \$10 each, and were held in jail during the interim as witnesses against Blackwell.

The affair occurred during the early part of October. The three negroes were disorderly on the car en route to Petersburg, and became so rowdy that the crew put them off at Stop 26, where the men were placed under arrest. After they had been put off Blackwell threw a rock at the car. They were immediately hustled to jail and kept there until the preliminary hearing, in which two were fined and the third was sent on to the higher court for trial.

TWO YEARS EACH

Tramps Plead Guilty to Robbing Railway Station.

Evidently working towards this city, Eugene Madigan and Joe Ward, who said that they were from New York, and on their way to the Florida races, were convicted in the Stafford County Court yesterday on the charge of robbing the Richmond, Fredericksburg and Potomac Railroad Station at Wideswater. The theft was reported at once to Special Agent E. J. Cannady, of the Richmond, Fredericksburg and Potomac, and after the arrest Tuesday he was allowed a special term of court for the trial. The young men pleaded guilty and received sentences of two years each in the penitentiary.

According to their own statement they gained entrance to the cash-drawer with a jimmy. Mr. Cannady found a large assortment of burglar's tools and some jewelry when he made the arrest. Ward had a pistol in his hand, but the detective was too quick for him, and he did not resist. He also had a New York chauffeur's license.

Thomas Richardson Convicted.

Found guilty of unlawful manslaughter, Thomas Richardson, colored, who fatally stabbed George Thomas in a fight following a crap game on October 10, was sentenced to the State Prison yesterday afternoon to two years and six months in the penitentiary.

The negro was indicted for murder in the first degree and pleaded self-defense. The jury had the case under consideration for several hours.

Week of Prayer Services.

Services for men will be held in the Young Men's Christian Association auditorium to-day at 12:20 o'clock in connection with the worldwide week of prayer series. Rev. S. C. Hatcher, of Broad Street Methodist Church, will deliver the general topic being, "Patience Day," a Thanksgiving for national blessings. The series will close to-morrow with services to be conducted by Rev. S. M. Eagle, of Christ Episcopal Church.

Had Many Pawn Tickets.

Ren Lindsey, white man, arrested last night on the charge of breaking into the house of Henry Morgan, also colored, and stealing a suit of clothes, a pair of shoes and a gold ring.

The negro told Policeman Gordon Smith, who made the arrest, that he had bought the clothes, but that they were too small for him. The fact that several pawn tickets were found on his person during the examination, he is suspected of other thefts.

Gibbs Arrested.

Henry Gibbs, white man, was arrested last night at 113 North Eighth Street, and locked up on the charge of being drunk and disorderly. The warrant was sworn out by H. A. Harris.

REVISE MILITARY LAWS

Committee at Work on New Set of Virginia Statutes. Adjutant-General W. W. Sale is busy collecting and studying the military laws of other States, with a view to the revision and codification of the Virginia statutes on the subject at the next session of the Legislature. It has been realized for some time that such revision was necessary in view of the larger appropriations and consequent larger opportunities of the Virginia Volunteers.

A committee has the matter of getting up a set of new laws in charge. It is composed of Colonels R. F. Leedy, W. J. Perry and T. J. Nottingham, respective commanders of the First, Second, Fourth Infantry and Lieutenant-Colonel J. Lane Stern, J. E. Lynch and C. H. Consovo, the respective heads of the inspecting, medical and paymasters' departments. This committee is being assisted by the Adjutant-General.

Will Attend Meeting. Commissioner of Agriculture George W. Kolner leaves tonight for Atlanta, where he will attend next week the annual convention of Commissioners of Agriculture of the Southern States such are the mutations of politics that Mr. Kolner is now the only member who remains in office of those who belonged to the organization when he joined it.

The association has by united effort accomplished a great deal of work in addition to the interchange of ideas and the reviews of work done in the different States. One of the results of its efforts has been uniform laws on the inspection of fertilizers. Another was in securing a second-class matter rate for the transmission of agricultural reports. The Westhampton Car Service

A great deal has been published in the past few weeks in criticism of the action of this company with respect to the car service to Westhampton and the Country Club. In a circular of the Citizens' Association it was stated that this line hauled 94,624 more passengers in the first eight months of 1910 than during the same period of 1909. The facts are that for the first eight months in 1910 there was a total of 416,097 passengers carried, as against 321,473 in 1909. These figures include all transfers, labor tickets at two and a half cents, school tickets at two and a half cents, tickets at six for a quarter, and complimentary tickets.

For the same period the car mileage was increased from 68,912 miles to 81,286 miles, or an increase of 17.6 per cent. in car miles run.

The number of passengers in 1909 averaged 4.7 per car mile, while in 1910 the average was 5.1 per car mile. The average number of passengers on the Richmond Division for the fiscal year ending June 30th, 1910 (including all outlying lines), was 6.8 passengers per car mile, showing that the service rendered the patrons of the Westhampton line was 33.1-3 per cent. more than on the average of the system.

The earnings per car mile on this line were 11.5 cents in 1909, and 11.7 cents in 1910.

The Westhampton line is now, and has been, operating at an actual loss; that is, the cost of carrying each passenger (not considering depreciation, taxes or capital investment) exceeds the actual revenue derived from that passenger; and any increase in the car service to handle the business means an actual increase in the loss to the company. If the service was increased to a fifteen-minute headway, it would increase the operating cost at least thirty-three and a third per cent.

There is no complaint of crowded cars on this line except on Sundays; but the demand is for more frequent service and high speed. The answer of the company has been that to give a more frequent service would mean an increase in the losses already sustained on the traffic; and that it is willing to give the service, if those requiring it will pay some proportion of the additional cost.
